

Remote Learning

What will learning look like during this period?

The children will be assigned 3 activities per day on Seesaw to complete. These activities will usually involve some form of pre-recorded lesson or clear instruction on how to self-guide the learning. Please encourage your child to complete the activities to the best of their ability and with the same high standards which we expect in the classroom.

Reading

Please encourage your child to continue to read at least 5 times per week and listen to them read at least once a week. If your child still struggles with fluency, increase this as much as is possible as this will support them greatly and make a difference. Many books which you may already have at home will be on the AR system. You can check by going to www.arbookfind.co.uk. They will be able to continue with their quizzing by going to <https://ukhosted111.renlearn.co.uk/6698281/> and using the log in details in the front of the reading record.

Spelling

Spellings will continue to be set each Monday and will be tested on Fridays. Please encourage your child to practise these each day.

Times Tables Rockstars

I will set a weekly task on TTRockstars, usually on a Friday, as well as our usual weekly timed challenge. Your child knows how to login and should be able to do this independently. This is a minimum expectation, and I would encourage daily short bursts of practise for anyone not yet secure with their times tables.

PE

Simon from Fit4Kids will be recording a PE lesson for the class each week. This will become one of the day's three activities on a Wednesday. Please encourage your child to participate and remind them to wear appropriate clothing and have a water bottle to hand.

Do let me know if you need any help or assistance with remote learning.

Take care, *Mrs Chandler*

Year 5 Spring 2021

Learning Information

Class Teacher:
Mrs Chandler

Teaching Assistants:
Mrs Arnold and Mrs Rollitt

English

Our class texts will be 'Secrets of A Sun King' by Emma Carroll and 'Escape From Pompeii' by Christina Balit. From these, the children will produce a wide range of writing to include narratives, non-fiction and poetry.

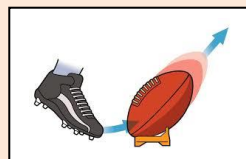

Maths

This term, we will be deepening our understanding of written methods of multiplication and division. We will then move on to fractions, decimals and percentages, with plenty of opportunity to apply these skills across the curriculum.

Science

Our first Science topic is forces, where we will investigate the effects of gravity, air resistance, buoyancy and friction. After half term, we move on to the differences between life cycles of different living things.

Computing

The children will be completing programming projects using Scratch. They will also look into how to search more effectively when using search engines.

History

The children will find out all about the fascinating world of the Ancient Egyptians. They will raise and answer historical questions about the way they lived and worked and how they prepared for the all-important afterlife.

Year 5 - Spring Term 2021

Spring 1 Topic Theme

Ancient Egypt

Spring 2 Topic Theme

Disaster!

Geography

We will look at different types of natural disasters and investigate the question: why do people choose to live near active volcanoes?

Art

 The children will hone their artistic skills by creating pieces inspired by Ancient Egyptian artefacts.

P.E.

Online pre-recorded sessions with Simon.
Have your water to hand!

Music and MFL

We will learn a new song and look at some online music learning. There will also be interactive French lessons.

P.S.H.E.

We will be focussing on developing our self-awareness, feelings and empathy.

R.E.

We will focus our studies around the questions: What does it mean to be a Muslim in Britain today. We will also ask: What did Jesus do to save human beings?
