

Home Learning

Homework

The home learning book will be sent home on Fridays and should be returned on Tuesdays. Children will be given one homework activity each week.

Reading

Please encourage your child to read aloud to you each day. The expectation is 20 minutes per day. Please tick the day of the week in the reading record each time you hear your child. Children still on phonics books will change their books once a week and Accelerated Reader books can be changed as often as the children wish.

Spelling

We recommend all children practise their weekly spellings at home. We will have a spelling test on Fridays. Spellings for the following week will be posted on Seesaw on Fridays.

Mental Maths

Regular practice of number bonds and multiplication facts will support your child's confidence in all mathematical topics. We will continue to award certificates for the most number of coins earned on TTrackstars and Numbots each week.

Reminders

P.E.

P.E. kit will be needed in school for P.E. the whole half term. P.E. lessons are on Fridays. We will also be going to Forest School this half term so please bring wellies in that can stay in school for the half term.

School Uniform and Kit

Please ensure everything your child brings to school is clearly labelled with their name. Please ensure children bring a sunhat to school, have a water bottle in school and have sun cream applied before school.

Thank you for all your support in helping us to deliver these next, important educational steps. Your efforts at home are truly appreciated and your comments on Seesaw are valued.

Year 2

Summer 2021

Learning Information

Class Teacher:
Miss Griffiths

Class Teaching Assistants:
Mrs Musk and Mrs Burvill

English

Our English texts have been carefully chosen to enhance our topic. They are Dougal's Deep Sea Dive, Queen Victoria's Bathing Machine and The Lighthouse Keeper's Lunch.

Mathematics

Our mathematical work involves us learning about height and length, position and direction, time and capacity whilst continually recapping on our arithmetic skills.

Science

Our focus in science this term is habitats, including plants and animals. We will link this to our work on the seaside by looking at how animals are best adapted to their environment.

Computing

In computing lessons, we will be using purple mash again to further develop our programming skills. We will also use another programming tool called scratch.

Geography

Our Geography work will involve us learning about the seaside. We will study coasts and physical and human features.

Year 2 - Summer Term 2021

Summer topic:
THE SEASIDE

History

In History we will learning about seaside holidays now and then, with a particular focus on the Victorian times.

Art and D.T.

We will be getting creative learning about sculpture and creating our very own bathing machines.

P.E.

The children will learn tennis skills and athletic skills over the summer term. In tennis, our focus is ball skills and control with a racket and in athletics we will develop sprinting, jumping and throwing techniques.

Music

The children will learn about pulse, rhythm, musical symbols and pitch.

P.S.H.E.

Over the term we will cover respectful relationships, mental wellbeing, being safe and sex education.

R.E.

R.E. this term is about Buddhism and next half term we will try to answer the question 'Who made the world?'
