

Home Learning

Homework

All children have been given updated home learning codes for the Seesaw CLASS app. Please help them to get this set up on their device and remind them to check each week. We will be sending home CGP Maths practise books for Maths homework each Friday. These should be returned on Tuesday each week so we can mark them together in class. Occasionally, Topic and other homework may be assigned via Seesaw.

Reading

Children should be reading at home each day for a minimum of twenty minutes. The expectation is that children will read and quiz on at least one Accelerated Reader book each month. Please listen to your child read out loud at least once a week and sign the reading record. If your child still struggles with fluency, increase this as much as is possible as this will support them greatly and make a difference.

Spelling

We recommend all children practise their weekly spellings at home. The lists will be uploaded onto Seesaw each Friday and there may be one or two small tasks for them to complete which accompanies the week's spellings e.g. wordsearch/puzzle. The spelling test will be every Friday.

Times Tables Rockstars

The children will be set garage sessions to complete on TT Rockstars each week. The sessions are refreshed every Friday and I will be checking to see who is completing them.

Reminders

PE

PE lessons will take place twice a week; on Tuesdays and Thursdays. Swimming lessons will be held on the 19th September, 26th September, 3rd October, 10th October and 7th November.

Water bottles and snacks

Your child will need a named water bottle in school each day. Children may have a snack or a piece of fruit/vegetable during their breaktime. In Year 6 children also have a pencil case privilege where they are allowed to bring in their own.

I have been so impressed with how the children have returned to school. They have settled in so quickly and all seem to be enjoying being back at school which is wonderful to see.

Please feel free to speak to me in the playground at pick up time or email me via the school office parents3002@welearn365.com

Here's to a fabulous year together!

Miss Eddy

Year 6 Autumn 2023

Learning Information

Class Teacher:
Miss Eddy

Class Teaching Assistant:
Mrs Watkins

English

We will be reading two class novels: 'Letters from the Lighthouse' and 'Pig Heart Boy'. We will be focussing on accuracy and coherence of written language. We will also spend quite a bit of time going over spelling rules and patterns.

Mathematics

We will further develop place value skills and ensure arithmetic is accurate and efficient. There will also be lots of new learning including long division and long multiplication. The children will also be developing their understanding of fractions and looking at position and direction.

Science

Our focus this half-term is 'Light' where we will explore how light travels. We then move onto the circulatory system and keeping healthy. The children will be taught to recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function.

Computing

The children will present data using a computer programme. They will also be creating their own project using Scratch.

R.E

We will explore the questions: 'What does it mean if God is holy and loving?' and 'How can following God bring freedom and justice?'

History

During the first half of this term, the children will learn about the Second World War and how it impacted people in Britain.

Year 6 - Autumn Term 2023

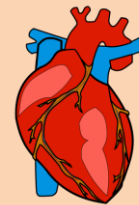

Autumn 1 Topic

What was the impact of World War 2 on the people of Britain?

Autumn 2 Topic

HEARTBEAT

Geography

The focus will be population, migration and climate change.

Art and Design

The children will be looking at optical art and abstract art focusing on the artists, Bridget Riley and Wassily Kandinsky.

P.E

We will develop the mind and body in yoga; develop rolls and handstands in gymnastics, learn defending and attacking skills in hockey and develop confidence, stamina and strokes in swimming lessons.

Music

We will enjoy lessons linked to Pharrell Williams' 'Happy' and jazz music.

Personal, Social and Health Education

Our topics will be: Protective Behaviours, Zones of Regulation, behaviour and actions, and friendships.

Design Technology

We will undertake a 'Make Do and Mend' textiles project.

French

The children will learn about, 'the world around me', continents, countries and Christmas.
